
ESCI / CARBON COUNCIL

Corporate profile ORBEO
13 november 2007

orbeo, a company purely dedicated to CO₂ markets.

Operating globally and headquartered in Paris, **orbeo** is a pioneering joint-venture between Rhodia and Société Générale, the first one combining industrial and financial expertise in the realm of carbon.

orbeo is among the leading buyers and sellers of all CO₂ products.

orbeo covers the whole carbon value chain.

from project:

- expertise in carbon finance and business development, allowing us to generate creative carbon transactions and financing arrangements
- track record of successful developments of emission reduction projects and excellence of industrial know-how

to market:

- expertise in trading and risk management enabling us to structure new financial instruments tailored to our customers needs
- serving all types of customers: industrials, governments, investors, voluntary buyers, all over the world
